Free device loans for families at this school

## Family Device Loan Scheme

Do you need to access online services? Would you like to develop your digital skills?

This school is a member of the Norfolk County Council Device Loan Scheme. If you need to use online services which are hard to access on mobile devices, you can borrow a laptop and access online training, complete applications or support your child's learning. It's free to access, and you can borrow and return the devices at the school.

## How does it work?

The school has details of the devices available to borrow Depending on what you need, this might be a few days, or a few weeks the school will help you to choose The device is ready to use (once you connect to your WiFi) and has links to digital skills training you can access.

Once you return it, the device is wiped and will be ready to loan out again.

To find out more and borrow devices, please talk to your school.
